TRUE Peace of Mind

Komatsu's wide range of Quality Construction Equipment's have set new benchmarks of performance, reliability & durability in the Indian Market. Komatsu understands that higher machine availability and lower operating cost are key elements for Your Success! Continuously working towards offering superior value proposition to Customers, Komatsu and L&T jointly offer you the best and first in the construction equipment industry, a unique **MACHINE CARE PROGRAM** [MCP-4/SURAKSHA-10000] for PC210/PC210LC-10M0, PC300LC-8M0, and PC350LC-8M0, with a host of value-added services.

Suraksha-10000/MCP-4 coupled with service by trained

engineers, genuine Komatsu parts & lubricants will ensure your Komatsu machines provide you unmatched performance, reliability, and productivity year after year, **ensuring TRUE peace of mind!**

With this Machine Care Program, you will have a distinctive advantage in maintenance expenses. Significant savings on diesel consumed every hour further reduces operating cost, thanks to energy saving training and guidance.

L&T Construction & Mining Machinery with its nationwide network of dealerships and service stations, ensure best in class sales and after sales support for your Komatsu Machines in India.
